Live Drills Save Lives

Hurst participates in Vigilance Awareness Training. This training helps our guards remain alert and practice their skills during realistic scenarios. You may see lifeguard staff responding to staged scenarios during operating hours, including manikin drops or other staff members posing as Guests in Distress. You may see us activate our Emergency Action Plan and respond accordingly. Managers may announce the drill once it begins. We appreciate your understanding. If you have any questions, please direct them to the Manager on Duty. For more information, please call 817.788.7333.
